Wireless Fire Alarms

Fire Point

The Fire Point is the primary alert unit in this range. The unit incorporates fire alarm sounder, optional strobe alert, and a manual call point for activating the alarm.

Integrated siren and manual call point. Silent test function to minimise site disruption.

Extended 3 year battery life.

Simple to use, straight out of the box.

Anti-tamper controls to ensure system integrity.

Detectors

Detection units connect directly to the system, automatically raising the alarm in the event of fire.

EN54 approved detector heads for smoke and heat.

Extended 3 year battery life.

Heat/smoke/dust resistant detector heads.

Anti-tamper controls to ensure system integrity.

Transit mode to allow removal and storage.

Base Station

The Base Station delivers extensive system reporting and system configuration. If an alarm is activated, the base station allows you to identify quickly which unit has been triggered.

Records and monitors activations and warnings.

GSM option allows SMS notifications of system alerts.

Add an unlimited number of units to your site.

Cancel a fire alarm on site from a Base Station.

Recent events logged in memory for H&S audit.

Settings protected by PIN code access.

Interface

The Fire Alarm Interface lets you connect your temporary fire alarm to other systems, such as turnstiles, to ensure your emergency systems are working together as efficiently as possible.

Connects the system to a third party system.

System can be triggered to sound the alarm by an external system.

Use Interface to trigger an action via an external system, e.g. auto dialler or access control.

Flat Pack Modular Stores

Introducing Forma-Stor - a new quick-assembly, modular solution for on-site secure storage. With theft of tools and equipment on the increase, we have a secure store that can be constructed anywhere in as little as 10 minutes. With 5-lever deadlocks and jemmy-proof joins, we believe that Forma-Stor is the most robust flat-pack storage around. An ideal solution for contractors who need quick and convenient storage, these walk-in units are constructed using galvanised panels that slot together quickly and simply.

The result is a sturdy, weatherproof store with various size and format options, starting from just 1m x 2m. When you're ready to move on, Forma-Stor units can be flat-packed or moved easily using built-in forklift pockets or crane lifting eyes.

SITE ACCOMMODATION

ALL ACCOMMODATION IS A MINIMUM 4 WEEK HIRE PERIOD

SITE SET UPS ARE AVAILABLE ON REQUEST.

**CONTACT OUR SITE ACCOMMODATION DEPARTMENT FOR
DETAILS OR SEE www.totalhireandsales.co.uk**

1. The agreed period of hire commences on the date the equipment leaves our yard and ceases on the day it has been returned, unless other arrangements have been made.
2. All hire equipment shall remain the property of Total Hire & Sales Ltd.
3. The minimum charge will be one day unless otherwise stated.
4. All equipment is supplied to the hirer in good order. The hirer will be charged with any damage other than fair wear and tear, and the cost of replacement in the event of loss.
5. A cleaning charge will be made in the event of equipment being returned in dirty condition.
6. It is the responsibility of the hirer to insure the goods whilst in their charge.
7. It is the responsibility of the hirer to insure for all Third Party risks and the owners accept no responsibility for Third Party claims.
8. Under no circumstances must the hirer try to repair or adjust the equipment. Please contact the issuing depot in the first instance.
9. All prices are subject to VAT at current rates. All hire rates shown are exclusive of VAT.
10. A deposit of £75.00 will be required on small equipment and £150.00 on large plant and access equipment. Larger deposits may be required on larger items.
11. Two forms of identity will be required to hire equipment for no account customers. One form of identity with current address details i.e. utility bill within the last 3 months along with one form of photographic identity i.e. driving license or passport.
12. A copy of our full terms and conditions are available on request at any depot or online at www.totalhireandsales.co.uk.
13. We are constantly adding to our extensive range. Please ask if you can't find a piece of equipment.
